Threads through Creation

spectacular scenes in silk

A vibrant combination

This is an astonishing display of twelve huge embroidered panels. Inspired by Genesis, the first book in the Bible, textile artist Jacqui Parkinson retells its wonderful story in a vibrant combination of silks, hand-dyed materials, metallic leathers, gold leaf – with eight million stitches!

Twelve huge panels

Jacqui has a national reputation for spectacular, large scale work. Her exhibitions have been displayed in many cathedrals and attracted hundreds of thousands of visitors. This exhibition is touring twenty cathedrals.

The panels are nearly 3m high. They start with strong elemental pieces illustrating the first 'days' of creation; then they become more complex and exuberant, as the story takes us into the Garden of Eden.

**Perfect for family, friends
and schoolchildren**

You'll find the work eye-catching and very attractive. Children love it. And it's especially fascinating for anyone who stitches.
